# Float Mirror Collection - Smalls

A unique collection of Float mirrors named for their floating affect on the wall and simplicity of form. These shapes are ideal for residential, commercial, and hospitality environments. The smaller size mirrors work well above bathroom vanities or locations where space may be limited. Stacked vertically the mirrors provide a unique full length mirror opportunity. Multiple mirrors can also be installed in partnership to provide a dramatic lobby installation, reception backdrop, or perhaps along a hallway.

As with all of our product line, customization is available.
