

# Freya Lounge Chair

# Freya Lounge Chair

A graphic and commanding piece from all angles, the generous and soft silhouette of the Freya Lounge Chair stands in beautiful contrast with the intricacy and detail of the woven seat. The weaving sculpturally pierces through the structure of the softly curved oak sides. The vivid linear graphics of the woven pattern contrast nicely with the warmth and organic nature of the wood grain frame. While it is a conversation starter in its design, the Freya also provides its occupant a contemplative moment of calm and quiet within its secure arms. Please refer to the Materials Catalogue for all available finish options.

## Standard Dimensions

W26" x D24" x H37"
