TECHNICAL DETAILS

1 x G9 LED 5W max (US: E12)

110-230V

IP20

Light bulb not included

CABLE LENGTH

1,50 m

NOTE

Mirrored bulbs reflect a lot of heat back to the lamp holder. Depending on the space around the lamp holder, the heat might build up above the recommended temperature, especially if the heat is trapped when moving upwards. For this reason, the max wattage indicated does not apply to mirrored bulbs, but to non mirrored bulbs only. The max wattage for mirrored bulbs is 5W LED

MADE IN

Germany

Sizes in mm. Flat attachments available under request. Variations in colour and size are available for some collections, please contact Areti for more details.

Our collections are hand made and made to order, small irregularities in shape or surface will occur, they are inherent to the hand made process and should not be seen as flaws. For detailed information on any products: contact@atelierareti.com
