

# ATELIER ARETI

## PRODUCT

T-Series 187  
Pendant light / Exterior cuts / Fabric cable

## MATERIALS AND COLOUR OPTIONS

Powder coated metal

## VERSIONS

Black attachment and cone; brass joint (white reflector)  
187OL-P01-ME01  
White attachment and cone; brass joint (white reflector)  
187OL-P01-ME02

## TECHNICAL DETAILS

1 x E27 LED 10W max (US: E26)  
110-230V  
IP20  
Light bulb not included

## CABLE LENGTH

1,50 m

## NOTE

Mirrored bulbs reflect a lot of heat back to the lamp holder. Depending on the space around the lamp holder, the heat might build up above the recommended temperature, especially if the heat is trapped when moving upwards. For this reason, the max. wattage indicated does not apply to mirrored bulbs, but to non mirrored bulbs only. If mirrored bulbs are desired, only those with a low wattage (such as LEDs) should be used. The max. wattage for mirrored bulbs is 5 watt LED (equivalent of 40 watt traditional bulb)

## MADE IN

Germany

Sizes in mm. Flat attachments available only under request. Variations in colour and size are available for some collections, please contact Areti for more details.

Our collections are hand made and made to order, small irregularities in shape or surface will occur, they are inherent to the hand made process and should not be seen as flaws. For detailed information on any products: [contact@atelierareti.com](mailto:contact@atelierareti.com)
