

Veruca Wall Hangings

Veruca Wall Hangings

Inspired by the curves of cathedral arches and the details in stained glass windows, the Veruca Wall Hangings are available in either wood or steel frames and feature our signature hand woven patterning. The strong sculptural elements mixed with the subtle ure on the surface of the weaving results in dynamic dimensions and eye play. Fit for the living room focal point, entryway art, or bedroom headboard the Veruca Wall Hangings have versatility of use and orientation.
